REPLY TO RESTRICTION REQUIREMENT

In reply to the Restriction Requirement that was mailed in connection with the above-captioned case on September 7, 2007, applicant elects the species of H-HGEGTFTSDLSKQMEEEEAVRLFIEWLKNGGPSSGAPPSKKKKKK-NH₂ (Compound 1), which reads on claims 1-20, 22, and 24-39. As claims 8-13 and 20-39 are amended into proper dependent form in the concurrently filed Preliminary Amendment, applicant respectfully requests that these claims be considered.

The election is made with traverse. Because the pending claims are directed to methods related to administering GLP-1 or a related molecule, rather than to the specific molecules being administered, it would not present an undue burden for the Office to search the claimed methods of administration for GLP-1 or any related molecule.

If there are any charges or any credits, please apply them to Deposit Account No. 03-2095.

Date:

December 7, 2007

Respectfully submitted,
